

FOR IMMEDIATE RELEASE

## Mohawk Networks and SolutionsAe Announce Formation of Mohawk Solutions JV

A strategic joint venture delivering integrated construction, telecommunications, broadband, cybersecurity, facilities, logistics, environmental, and mission-support solutions to federal agencies.

**BUILDING INFRASTRUCTURE. SECURING MISSIONS.  
CREATING OPPORTUNITIES.**

Atlanta, Georgia and Bombay, New York — [Date] — Mohawk Networks, LLC and SolutionsAe, Inc. are pleased to announce the formation of **Mohawk Solutions JV**, a strategic joint venture established to deliver integrated construction, telecommunications, broadband, cybersecurity, facilities, logistics, environmental, and mission-support capabilities.

The joint venture combines Mohawk Networks' Tribal 8(a), HUBZone, broadband, cybersecurity, data center, records management, and security systems expertise with SolutionsAe's construction, highway and guardrail, logistics, disaster response, staffing, training, and federal program support capabilities.

"Mohawk Solutions JV brings together complementary capabilities, proven federal experience, and a shared commitment to dependable mission delivery."

— William Hunt, Managing Member, Mohawk Networks

**SolutionsAe, Inc. has a strong mentor relationship with Ironwood Power and is working toward acceptance in the Department of Defense Mentor-Protégé Program.**

As SolutionsAe prepares to graduate from the SBA 8(a) Business Development Program, these relationships are expected to support the company's continued growth, strengthen organizational capacity, and create new employment and workforce-development opportunities.

"Opportunities like this are amazing as SolutionsAe graduates from the 8(a) program. To be supported by mentors and strategic partners such as Tim Pope, Ironwood Power, and Mohawk Networks creates incredible opportunities for job creation, continued capacity building, and long-term success in federal contracting and critical infrastructure."

— Dr. Ana Everett, Founder and CEO, SolutionsAe, Inc.
